Registered charity no. 288371

The Leverhulme Trust

AWARDS TO INDIVIDUALS

The Trustees have approved the following awards to individuals under schemes administered by their Research Awards Advisory Committee: -

RESEARCH FELLOWSHIPS

Mario Aguilar PhD Reader in Divinity University of St Andrews	Religion and politics in Pinochet's Chile: the challenges of the disappeared (1973-1980)
James Alexander PhD Professor, Department of Immunology University of Strathclyde	Leishmania macrophage inhibition factor activity
David Andress DPhil Reader in Modern European History University of Portsmouth	Melodramatic politics in the French Revolution
Vassos Argyrou PhD Senior Lecturer in Social Anthropology University of Hull	The 'neo-orthodox' in Cyprus: religious purism and cultural pluralism
Frank Ball DPhil Professor of Applied Probability University of Nottingham	Stochastic modelling in the biomedical sciences
Andrew Balmford PhD Reader in Conservation Science University of Cambridge	The glass half-full: stories of hope for nature
Nicholas Barton PhD FRS Professor, Institute of Evolutionary Biology University of Edinburgh	Evolution of multiple interacting genes
Rebecca Beasley PhD Lecturer Birkbeck, University of London	Modernism and the translation of Russian culture
Stefan Bilbao PhD Lecturer in Music University of Edinburgh	Creative use of advanced digital sound synthesis
Robert Blackburn PhD LLD Professor of Constitutional Law King's College London	The law relating to the role and working of the monarchy as head of state
David Boucher PhD Professor of European Studies and Director of the Graduate School in Humanities Cardiff University	Transitions: natural law, natural rights, human rights
Jane Boyd BA Self-employed fine artist	Concrete liaisons: temporal behaviour in urban spaces
Craig Brown PhD Lecturer in Marine Biology University of Ulster	Seabed mapping in the Gulf of Maine, Canada
Martin Buck PhD Professor of Molecular Microbiology Imperial College London	A molecular switch for gene activation

AWARDS TO INDIVIDUALS

Suzanne B Butters PhD Reader in History of Art University of Manchester	Constructing Ferdinando I de' Medici's Artimino
Simon Caney DPhil Professor of Political Theory University of Birmingham	On cosmopolitanism: a defence
Emma Cayley DPhil Lecturer in French University of Exeter	An edition of late medieval French debate poetry
Simon Chandler-Wilde PhD Professor of Applied Mathematics University of Reading	Scattering by unbounded surfaces
Stephen Chapman PhD Professor of Biological Chemistry University of Edinburgh	Analysis of the sole cytochrome P450 from the bacterium <i>Campylobacter jejuni</i>
Martin Chick PhD Senior Lecturer in Economic and Social History University of Edinburgh	Energy policy in France, Britain and the USA post-1945
Aileen Christianson MA Senior Lecturer, Department of English Literature University of Edinburgh	Jane Welsh Carlyle: Writing Volumes
Denise Tsang Clarke PhD Lecturer, Department of Management University of Reading	Growth of firms in the UK games software industry
Michèle Clarke PhD Associate Professor and Reader in Environmental Change University of Nottingham	North Atlantic Oscillation impacts on sand drift
David E Cooper MA BPhil Professor of Philosophy University of Durham	The Significance of Beauty
James Croll PhD FEng Professor of Civil Engineering University College London	Thermal ratchets in glacial and periglacial mechanics
Peter Cromwell PhD Project Manager and Software Engineer NA Software	Mathematical analysis of interlaced ornament
Paul Davies PhD Reader in Architectural History University of Reading	Rotunda: architecture and miracles in Renaissance Italy
Timothy Day MA Visiting Senior Research Fellow King's College London	English cathedral choirs in the 20 th century
Deirdre Devine PhD Senior Lecturer in Microbiology University of Leeds	Host responses to resident bacterial biofilms

AWARDS TO INDIVIDUALS

Holger Dullin PhD
Senior Lecturer in Applied Mathematics
Loughborough University

Bifurcations in volume preserving maps

Anthony Edwards PhD
Professor of English
De Montfort University

The English poems of John Skelton: a critical edition

Markman Ellis PhD
Professor of Eighteenth Century Studies
Queen Mary, University of London

The social spaces of 18th-century criticism

Tony Evans PhD
Reader in Global Politics
University of Southampton

Universal human rights in global politics

Nicholas Fisher PhD
Professor of Ancient History
Cardiff University

Charis and the growth of democratic practice

Paul Flavell DPhil
Senior Lecturer in Mathematics
University of Birmingham

Automorphisms of finite groups

Paul Fouracre PhD
Professor of Medieval History
University of Manchester

Cost of the liturgy: an essay in cultural history

David Fraser LL.M.
Professor of Law and Social Theory
University of Nottingham

Anti-Jewish decrees, patriotism and collaboration

Peter Friz PhD
University Lecturer in Mathematics
University of Cambridge

Stochastic processes and rough path theory

Tim Fulford PhD
Professor, Department of English
Nottingham Trent University

Preparing an edition of Robert Southey's letters

Robert Furness PhD
Professor, Institute of Biomedical
and Life Sciences
University of Glasgow

Ecosystem-based management incorporating seabirds

Barry Garraway PhD
Reader in Theoretical Physics
University of Sussex

Cold atoms in dressed traps

Neil Glasser PhD
Reader in Physical Geography
University of Wales, Aberystwyth

Reconstructing the former Patagonian Ice Sheet

Julian Graffy MA
Professor of Russian Literature and Cinema
School of Slavonic and East
European Studies,
University College London

The representation of foreigners in Russian film

Ruth Harris DPhil
Fellow and Tutor, New College and
Lecturer in the Modern History Faculty
University of Oxford

The Dreyfus Affair

AWARDS TO INDIVIDUALS

Nicholas Havely BPhil
Senior Lecturer, Department of English
and Related Literature
University of York

Dante in the English-speaking world, from the 14th
century to the present

Andrew Hemingway PhD
Professor in History of Art
University College London

American modern: precisionist painting and reification

John Holmes DPhil
Lecturer in English Literature
University of Reading

Darwinism, poetry and poetics

Deniz Kandiyoti PhD
Reader in Development Studies
School of Oriental and African Studies,
University of London

Islam and politics of gender: state, society and
modernity in central Asia and Afghanistan

Todd Kaplan PhD
Reader in Economics
University of Exeter

Optimality of contest design

Irini Katsirea-Goebel PhD
Lecturer
Middlesex University Business School

Public broadcasting standards and European law

D Robert Ladd PhD
Professor of Linguistics
University of Edinburgh

Simultaneous and sequential structure in language

Huiling Le PhD
Reader, School of Mathematical Sciences
University of Nottingham

Brownian motion and Brunn-Minkowski inequalities
on manifolds

Catherine Léglu PhD
Senior Lecturer in French
University of Bristol

The hybrid text: multilingualism in French, Catalan
and Occitan literature of the 14th to 15th centuries

Keith Lilley PhD
Lecturer in Human Geography
Queen's University Belfast

Medieval monarchs and the shaping of urban Britain

Phillip Lindley PhD
Reader in the History of Art
University of Leicester

Renaissance and reformation in English sculpture

Catherine Lupton DPhil
Senior Lecturer in Film Studies
Roehampton University

Representing the world in photography and film

Brian Maidment PhD
Professor of English
University of Salford

Comedy, caricature and the social order. 1820-1850

Sonia Massai PhD
Lecturer in English Studies
King's College London

The paratext in English printed drama to the
Restoration

Cathy McIlwaine PhD
Senior Lecturer in Geography
Queen Mary, University of London

Coping practices among Latin American migrants
in London

AWARDS TO INDIVIDUALS

Catriona McKinnon PhD
Lecturer in Political Theory
University of Reading

Tackling climate change in a liberal framework

Robert Mills PhD
Lecturer in English
King's College London

Kissing Judas: sodomy, friendship and the subject of medieval religion

Frank Moulaert PhD
Professor of European Planning
and Development
University of Newcastle

Social innovation: a strategy for scientific research and human development

Kaori Nagai PhD
Sessional Teacher, School of English
University of Kent

Connecting in the master's language

Mark Newman PhD
Lecturer in American History
University of Edinburgh

Catholics in the American South and desegregation

Simon Newman PhD
Professor of American History
University of Glasgow

Transformation of daily life and culture on the Gold Coast in the age of the slave trade

Peter O'Hagan PhD
Reader in Music
Roehampton University

Pierre Boulez and the piano

Bob Osborne PhD
Professor and Director of the Social
and Policy Research Institute
University of Ulster

Implementing equality policies in Northern Ireland and Canada

René Oudmaijer PhD
Senior Lecturer, School of Physics
and Astronomy
University of Leeds

Towards understanding the formation of massive stars

Amanda Perry-Kessaris PhD
Senior Lecturer, School of Law
Birkbeck, University of London

Law and investor-state-civil society relations

Lynda Pratt DPhil
Reader in Romanticism
University of Nottingham

The Collected Letters of Robert Southey

Eithne Quinn PhD
Lecturer in American Studies
University of Manchester

The culture and commerce of blaxploitation film

Tina Ramnarine DPhil
Reader in Music
Royal Holloway, University of London

Music and indigeneity on the fringes of Europe

Francis Ratnieks PhD
Professor, Department of Animal and
Plant Sciences
University of Sheffield

Learning from novel discoveries in ant organisation

AWARDS TO INDIVIDUALS

Alison Rowley PhD
Lecturer in Critical, Historical and
Theoretical Studies in Visual Art
University of Ulster

Common gestures, class acts: studies in 'young
British art'

Judy Rudoe
Assistant Keeper, Department of
Prehistory and Europe
The British Museum

A social and cultural history of 19th-century jewellery

Michael Ruzhansky PhD
Lecturer, Department of Mathematics
Imperial College London

Global smoothing properties of Schrödinger equations

Sally Sargeson PhD
Associate Professor, Nottingham University
Business School
Nottingham University

Women, property and agency in urbanising China

Ana Sendova-Franks PhD
Senior Lecturer in Statistics
University of the West of England, Bristol

The collective intelligence of movement in ants

Niall Sharples MA
Senior Lecturer, School of History
and Archaeology
Cardiff University

Wessex in the first millennium BC: an anthropological
approach to a complex society

Dr rer nat André Sonnet
Lecturer, Department of Mathematics
University of Strathclyde

Computational fluid dynamics of liquid crystals

Mike Speed PhD
Lecturer in Biological Sciences
University of Liverpool

Exploring optimisation of defences in prey animals:
an individual-based approach

Marc Stears PhD
University Lecturer in Political Theory
University of Oxford

Radical democrats: reconsidering US democracy

John Strachan DPhil
Reader in Romantic Literature and
Director of English Undergraduate Scheme
University of Sunderland

The Devil's baits: the literatures of sport and gambling,
1770-1840

Penny Summerfield DPhil
Professor of Modern History
University of Manchester

The Second World War in popular memory, 1945-1965

Michael Tretyakov PhD
Professor in Mathematics
University of Leicester

Stochastic numerics: Wiener integrals and SPDEs

David Tuckett PhD
Self-employed psychoanalyst in private
practice and Visiting Professor
University College London

A psychoanalytic study of investment markets

Marion Turner DPhil
Lecturer in Medieval Literatures
King's College London

Thomas Usk and London textual production

AWARDS TO INDIVIDUALS

Gabriele vom Bruck PhD
Lecturer in Social Anthropology
School of Oriental and African Studies,
University of London

Biography as historical writing: a 20th-century Yemeni
life story

Graham Walker PhD
Professor of Political History
Queen's University Belfast

Northern Ireland, Scotland and Devolution, 1945-79

Cynthia Weber PhD
Professor of International Relations
Lancaster University

Dying to be American

Wendy Webster PhD
Professor of Contemporary British History
University of Central Lancashire

Englishness and Europe, 1940-1973

Regina Weinert PhD
Senior Lecturer in German Linguistics
University of Sheffield

Syntax, deixis and discourse in spoken German and
English

Jennifer Welsh DPhil
University Lecturer in International
Relations
University of Oxford

Sovereignty as responsibility: normative change and IR

David Whitaker PhD
Professor of Vision Science
University of Bradford

Detection of path deviation in human vision

K A Jane White PhD
Senior Lecturer, Department of
Mathematical Sciences
University of Bath

Analysing transient behaviour in ecological models

John Wildman DPhil
Reader in Health Economics
University of Newcastle

Investigating health inequalities in the UK

Ruth Wittlinger PhD
Lecturer in Politics
University of Durham

German national identity in the 21st century

Andrew Wood PhD
Reader in Social History
University of East Anglia

Social memory and the uses of the past

Christopher Wright PhD
Professor of Electronic and
Computer Engineering
University of Exeter

The cognitive, configurable, chalcogenide
computer

Jeremy Wyatt PhD
Senior Lecturer in Computer Science
University of Birmingham

Planning the gathering and processing of visual
information in robots

Anthony Zito PhD
Reader in Politics
University of Newcastle

Comparing environmental agencies and
governance

AWARDS TO INDIVIDUALS

STUDY ABROAD FELLOWSHIPS

Kerry Gallagher PhD Reader in Geophysics Imperial College London	Truly adaptive models for imaging the interior of the Earth
Paul Grassia PhD Senior Lecturer, School of Chemical Engineering and Analytical Science University of Manchester	Compressional rheology of sludges
Jonathan Harwood PhD Reader in History of Science and Technology University of Manchester	Genetics and agriculture in Germany, 1890-1945
Neville Kirk PhD Professor of History Manchester Metropolitan University	Globalizing labour
Sheila Lennon-Fraser PhD Senior Lecturer (Physiotherapy) University of Ulster	Promoting international collaboration in physiotherapy
Andrew Mackenzie PhD FRSE Professor of Condensed Matter Physics University of St Andrews	Quantitative spectroscopy of correlated electrons
Kieran McEvoy PhD Professor of Law and Transitional Justice Queen's University Belfast	Reconstructing justice beyond the state
Patrick McGovern DPhil Senior Lecturer, Department of Sociology London School of Economics and Political Science	Labour market inequality and comparative immigration
Martin O'Kane PhD Senior Lecturer in Biblical Studies University of Wales, Lampeter	Text and image: scripture and visual culture
Toby Pennington DPhil Head, Tropical Diversity Section Royal Botanic Garden Edinburgh	Linking systematics, ecology and evolution
Kate Spencer PhD Lecturer in Physical Geography Queen Mary, University of London	Floc structure of geochemically labelled tracer sediment
Ian Walker MSc Professor of Economics University of Warwick	Children's health, parental background, and policy
Geoff Wilson PhD Professor in Human Geography University of Plymouth	Maori indigenous forest management in New Zealand

AWARDS TO INDIVIDUALS

EMERITUS FELLOWSHIPS

Professor R J Abraham PhD DSc	Computer modelling of ¹ H NMR chemical shifts
Dr Roger L Blackman PhD	A handbook of British Macrosiphini (Aphididae)
Professor Martin Blinkhorn DPhil	Britons brigands, and international kidnapping in the Mediterranean world, 1837-1910
Mr Richard Bourne OBE MA	Biographical research on President Lula of Brazil
Ms Susan E Branford MA	Political factors driving deforestation in the Amazon
Professor Hilda M Brown MA DLitt	The total work of art: a 19 th -century quest
Dr Philip Butterworth	Staging English Medieval Theatre
Professor Anthony Cockerill PhD	Industrial structure, performance and public policy
Professor John Collis PhD	The Iron Age and Roman farm at Owslebury, Hampshire
Professor John L Culhane PhD FRS	Studies of solar flare and CME energy release with the Japanese Solar-B spacecraft
Professor Alan Davies PhD	Native speakers and native users
Professor Harry T Dickinson PhD DLitt FRSE	Pamphlets on Britain and the American Revolution, 1763-1785
Professor James H Dickson PhD FRSE	Archaeobiology of ancient icemen
Professor Anthony Dixon DPhil	Temperature and the distribution of insects
Professor Robert Dodgshon PhD FBA	Cultural ecology of alpine communities, 1500-1900
Professor Ian Douglas PhD	Rainforest logging and catchment hydrological recovery
Professor John H D Eland DPhil FRS	Multiple photoionisation of atoms and molecules
Professor Gillian Anne Gehring OBE DPhil DSc	Theoretical and experimental studies of magnetic oxides
Professor Lyn Innes PhD	Edition of two narratives by Francis Fedric
Professor Robert Owen Jones PhD	The dynamics of a Welsh language revival in Chubet
Professor Wojtek J Krzanowski PhD	Optimal predictive partitioning
Professor John R Kusel PhD	Signalling from the surface membrane to the schistosome excretory system
Dr Philip D Lane PhD	Silurian trilobites from north Queensland
Professor C Alex Longhurst PhD	Unamuno's theory of the novel
Professor Ivana Markova PhDr FBA FRSE	Trust in social representations and dialogicality
Professor Tony Mason PhD	The British and world football in the 20 th century
Professor W D McComb PhD	A study of unresolved issues in turbulence theory
Professor John J McGarvey PhD	Towards a novel probe of vision-impairing diseases
Professor David L McMullen PhD FBA	Political life in Tang China

AWARDS TO INDIVIDUALS

Professor John Page BA	Updating UN WMO advice on building climatology
Professor David F Parker PhD FRSE	Guided nonlinear waves in elasticity and optics
Professor Pamela Pilbeam PhD	The Saint-Simonians: free love to big business
Dr John D Pryce PhD	Continuation of work on international Interval Subroutine Library project
Professor Martin Richards PhD ScD	A history of reproductive and genetic choice
Professor David J Rowlands PhD	Molecular studies on positive stranded RNA viruses
Professor Robert H Taylor PhD	General Ne Win and the creation of Myanmar
Professor Michael S Tite DPhil	Production technology of early vitreous materials
Professor Alexandre E Zalesski PhD DSc	Recognition problems of representations of finite and algebraic groups

STUDY ABROAD STUDENTSHIPS

Zachary Abraham BA	Research master's in Middle East politics – <i>France</i>
James Baldwin BA MA	An Ottoman community in court – <i>Egypt and Turkey</i>
Harriet Bartlam BSc	Community ecology of herbivores in the Okavango – <i>Botswana</i>
David Cantor BA MA MSc	The right of forcibly displaced persons to return home – <i>Columbia</i>
Camillia Cowling BA MA	Engendering abolition: women and urban slavery, 1870-1888 – <i>Brazil and Cuba</i>
Jonathan Deakin BA	Advanced training in cello performance – <i>Germany</i>
Gawain Glenton BMus	Cornetto playing and the art of improvisation – <i>Switzerland</i>
Nicole Goldstein BA	Master's in international studies – <i>Sweden</i>
Charlotte Gore BA MA	The changing perceptions of nature in Germany, 1880-1914 – <i>Germany</i>
Tristan Guttridge BSc	Social behaviour and organisation of lemon sharks – <i>Bahamas</i>
Timothy Hawes BSc MA MSc	Ecology, physiology and molecular biology of arthropods in mountains ecosystems – <i>New Zealand</i>
Mirième Hill BSc	Field guiding and sustainable tourism management – <i>South Africa</i>
Rico Isaacs BA MSc	Political institutions in post-Soviet Central Asia – <i>Kazakhstan</i>
Christopher James BA MSc	Health systems in developing countries – <i>The Philippines</i>
Martina Mettenberg BA MSc	Transformation in the lives of women working in ITES – <i>India</i>

AWARDS TO INDIVIDUALS

Nikola Milic BA MPhil	The effects of politically motivated language changes in the history of Italian on its diachronic development – <i>Italy</i>
Philip Molloy BSc PhD	Genetic diversity and extinction risk – <i>Canada</i>
Robert Pitt BA MA	A corpus of ancient Greek building inscriptions – <i>Greece</i>
Suren Sorathia MSci	Application of quantum chaos to atomic nuclei – <i>Mexico</i>
François Soyér MA MPhil	The Portuguese and Spanish inquisitions (1480-1730) – <i>Portugal</i>
Hugh Sturrock BSc	Epidemiology of avian malaria in native New Zealand penguins – <i>New Zealand</i>
David Toney BSc MPhil	Building a large vocabulary conversational assistant – <i>France</i>
James Vigus BA MPhil PhD	Henry Crabb Robinson: British Germanophile in Jena 1802-1805 – <i>Germany</i>
Joseph Walkling BA	Dance Apprentice Network aCross Europe (D.A.N.C.E.) – <i>Germany</i>
Helen Wheeler BA MRes	Climate change impacts on alpine herbivores – <i>Canada</i>

EARLY CAREER FELLOWSHIPS

Sebastian Ahnert BA PhD Cavendish Laboratory University of Cambridge	Analysis methods for weighted and directed networks
Samir Ayoub BSc PhD Experimental Pathology Group Queen Mary, University of London	Cyclooxygenase variants in temperature regulation
Patricia Akester LL.M PhD Faculty of Law University of Cambridge	Technological accommodation of conflicts between freedom of speech and DRM
Roxana Baiasu BA MA PhD Department of Philosophy University of Sussex	On the human condition: being in space, time and language
Andrew Bayliss BSc PhD School of Psychology University of Wales, Bangor	The neural basis of social gaze perception
Sean Brady BA MA PhD School of History, Classics and Archaeology Birkbeck, University of London	Religion, masculinity and sex in England, 1840-1914
Thomas Charlton BA MPhil PhD Department of English Literature University of Sheffield	Early modern obedience, 1500-1700
Sarah Cook BA MA PhD School of Arts, Design, Media and Culture University of Sunderland	Curating new media art

AWARDS TO INDIVIDUALS

Warren Cross MSci PhD School of Chemistry University of Nottingham	A catalytic functionalisation of alkanes
Gábor Csányi BA MA PhD Cavendish Laboratory University of Cambridge	<i>À la carte</i> accuracy in atomistic simulation
Anna Dezeuze BA MA MPhil PhD Art History and Visual Studies University of Manchester	Dematerialisation and the politics of precariousness
Anoop Dhoot MSci PhD Cavendish Laboratory University of Cambridge	Device photophysics of polymer semiconductors
Lawrence Dritsas BA MSc PhD Science Studies Unit University of Edinburgh	Science in the Central African Federation, 1953-64
John Fagg BA MA PhD School of American and Canadian Studies University of Nottingham	Genre and sketch: 19 th -century forms in 20 th -century culture
Howard Falcon-Lang BSc PhD Department of Earth Sciences University of Bristol	Cretaceous biomes: an analogue for global warming
Kirsten Fenton MA MPhil PhD School of History and Classics University of Edinburgh	Noblewomen, property and power in Normandy, 10 th -12 th centuries
Siggy Frank BA DPhil Department of Russian and Slavonic Studies University of Nottingham	Russian émigré theatre in Berlin and Paris, 1920-39
Giancarlo Gavioli BEng MRes PhD Department of Electronic and Electrical Engineering University College London	160Gb/s digital optical devices
Paul Graham BSc DPhil Department of Biology and Environmental Science University of Sussex	Visually guided route navigation in ants
Thomas Hearn BSc MSc PhD Human Genetics Division University of Southampton	Investigation of a novel centrosomal protein, ALMS1
Jonathan Houseley MSci MRes PhD Wellcome Trust Centre for Cell Biology University of Edinburgh	Substrate recognition by the TRAMP complexes
Susan James BEd MSc PhD Department of Economics University of Oxford	Practical implications of Vocational Education and Training (VET) policy reform in England and South Africa

AWARDS TO INDIVIDUALS

Laura Jeffery BA MPhil PhD Social Anthropology University of Edinburgh	Chagossian strategies of migration and integration in Crawley
William Jenkinson BSc MPhil PhD MRC Centre for Immune Regulation University of Birmingham	Mesenchyme function in thymic development
Domino Joyce BSc PhD School of Biological Sciences University of Hull	Habitat-driven runaway sexual selection fuels speciation
Sugata Kaviraj MSci MSc DPhil Department of Astrophysics University of Oxford	Early-type galaxies: 8 billion years of evolution
Michael Kerr BA MSc PhD Department of International History London School of Economics and Political Science	Northern Ireland under Direct Rule: 1972-77
Kristin Kovarovic BA MSc PhD Department of Anthropology University College London	Hominin palaeoecology: comparing fossil bovid evidence
Kevin Lane BA MPhil PhD Department of Archaeology University of Manchester	Technological landscapes of the ancient Andes
Mark Leake BA MSc MA PhD Clarendon Laboratory University of Oxford	Molecular exploration of chemotaxis with advanced optics
Elaine Leong BA MA MSc DPhil History Department University of Warwick	Reading for cures in early modern England
Barry Lomax BSc MRes PhD Department of Animal and Plant Sciences University of Sheffield	Ozone layer stability in a greenhouse world
Stephen Lowry BSc PhD Astrophysics Research Centre Queen's University Belfast	Formation and evolution of the solar system
Michael Mack BA PhD School of Languages and European Studies University of Reading	Spinoza's nature and the ethics of a divergent body politic
Andrea Major MA MSc PhD School of History and Classics University of Edinburgh	Slavery and the Raj: empire, abolition and unfree labour in India, 1790-1857
Mark Mathuray BA BA MA PhD Department of English Royal Holloway, University of London	Texts and contexts of African literary modernism
Lesley McFadyen MA MA PhD School of Archaeology and Ancient History University of Leicester	Archaeological architectures

AWARDS TO INDIVIDUALS

Leila McKellar BA MA DPhil
Department of History of Art
University of Sussex

The art of Helen Chadwick

Jude Murison BA MSc PhD
Centre of African Studies
University of Edinburgh

A socio-legal study of refugee-returnees to Uganda

Conrad Nieduszynski BA PhD
Institute of Medical Sciences
University of Aberdeen

Finding and characterizing DNA replication origins

James Palmer BA MPhil PhD
School of History
University of Nottingham

Time and power in the early medieval west

Henry Power BA MSt PhD
Department of English
University of Bristol

The reception of Virgil during the English Civil War

Thomas Richards BSc MSc DPhil
School of Biosciences
University of Exeter

Comparative genomics and eukaryote cell evolution

Julia Rouse BA PhD
Centre for Enterprise
Manchester Metropolitan University

Maternity in small enterprise: a longitudinal study

Jacqueline Stedall MA MSc PGCE PhD
Mathematical Institute
University of Oxford

The theory of equations in the 18th-century

Elen Stokes LLB PhD
School of Law
University of Manchester

The precautionary principle in practice

Monica Tamariz MSc PhD
Department of Linguistics and
English Language
University of Edinburgh

Exploring the evolutionary dynamics of language

Youra Taroyan MSc CSc PhD
Department of Mathematics
University of Sheffield

New challenges and prospects in diagnostics and modeling of the solar coronal plasma

Claire Taylor BA MA PhD
Classics and Ancient History
University of Manchester

Wealth, power, and social change in 4th-century Athens

Nafsika Thalassis BSc MSc PhD
European Studies Research Institute
University of Salford

Psychiatry and the armed forces during the Second World War

Ben Webb BSc MSc PhD
School of Psychology
University of Nottingham

Neural mechanisms of perceptual learning

Thomas Yarrow BA MPhil PhD
Department of Social Anthropology
University of Manchester

Contesting 'development' and 'modernity'
