By clicking “Notify” you can alert your Research Office/Institutional Approver that you are preparing an application, that approval will be needed, and that the application must be submitted to the Trust by the closing date.

We would advise that you allow five working days for Institutional Approval to be given. Your application cannot be validated successfully until you have notified the Institutional Approver. You can only submit your application for Institutional Approval once it has been validated successfully, i.e. there are no errors or incomplete fields.

Applicants must be employed at an eligible UK institution at the time of application and throughout the duration of the Fellowship. In order to edit your institutional affiliation please click the Manage My Details link. This will open a new tab for you to make any required changes.
