

Direct Awards

Awards made directly by the Trustees in 2003

The number in parentheses after the amount of the award is its duration in months.

Research project Grants

Applied sciences

Professor Simon John Bending

University of Bath

Novel sensors based on domain wall resistance in FIB- patterned Co/Pt multilayers £147,309 (36)

Professor John D Wallis

Nottingham Trent University

Novel organic/inorganic hybrid materials with electrical & magnetic properties £119,592 (36)

Dr V F Ruiz

University of Reading

A modular robot colony for mapping & exploration £60,835 (24)

Dr Douglas Yu

University of East Anglia

People versus parks: can indigenous peoples coexist with tropical biodiversity? £238,641 (36)

Dr A A Williams

Nottingham Trent University

Modelling and design of pico propeller turbines for rural electrification £101,765 (36)

Professor G J Ashwell

Cranfield University

Molecular rectification: self-assembled monolayers for nanoscale electronics £142,112 (36)

Dr Brian R Mace

University of Southampton

Energy flow, statistical energy analysis and vibrations in complex structures £175,522 (36)

Professor Gregory Gutin

Royal Holloway, University of London

Domination analysis in combinatorial optimisation £71,660 (24)

Professor Nick Tyler

University College London

Conserving carpets: cultural & inclusive exhibition of living & labour areas £40,900 (12)

Dr K I Hopcraft

University of Nottingham

Applications of stochastic population models to complex systems £101,690 (36)

Dr Christopher Rhys Bowen

University of Bath

Rapid ultrasonic inspection of complex profile composite components £14,296 (6)

Professor J P Grime

University of Sheffield

The Bibury Record: a unique insight into the impacts of climate change £52,805 (24)

Dr R C Thompson

University of Plymouth

Lost at sea - where does all the plastic go? £181,610 (36)

Basic sciences

Dr Lukas Keller

University of Glasgow

The effects of gene flow on local adaptation in a parasitic nematode £167,549 (36)

Professor G A Houseman

University of Leeds

Geodynamic instability in continental orogenic belts £88,317 (24)

Dr John Walden

University of St Andrews

Analysis of ice-rafted debris in Heinrich layers using environmental magnetism £93,841 (30)

Dr D Vance

Royal Holloway, University of London

Isotopic studies of the biogeochemistry of the transition metals in seawater £119,699 (36)

Professor Suzanne Leroy

Brunel University

Earthquake limnology: Holocene seismic signature in lakes along the North Anatolian fault, Turkey £14,167(7)

Professor Margaret Collinson

Royal Holloway, University of London

Paleogene vegetation response to rapid, short-lived environmental change (PETM) £116,596 (36)

Dr Paddy Ladd

University of Bristol

Seeing through new eyes: deaf people's contribution to human self-knowledge £56,616 (24)

Dr Andrew P Doherty

Queen's University of Belfast

Redox catalytic ionic liquids: a new chemical paradigm £14,893 (6)

Dr Loeske Kruuk

University of Edinburgh

Maintaining variation: the genetics of maternal effects £118,105 (36)

Dr Matthew H Davis

MRC Cognition & Brain Sciences Unit

Factors that facilitate perceptual learning of speech £21,707 (12)

Dr Brendan Davies

University of Leeds

The role of mago nashi in plants £102,784 (36)

Dr Simon P Kelley

Open University

Dating ancient meteorite impacts on earth: a test for clusters in the record £130,539 (36)

Dr Alexander Savchenko

University of Exeter

Shot noise as a probe of electron interactions in insulators £110,847 (36)

Dr M A Halcrow

University of Leeds

Templating paramagnetic metal aggregates with exogenous anions £101,988 (36)

Dr R M Kilner

Department of Zoology, University of Cambridge

Co-evolution of Australian cuckoos & their hosts: cognitive causes & evolutionary consequences £129,435(36)

Dr Peter C Griffiths

Cardiff University

Electrophoretic NMR studies of polymer, surfactant & biological systems £46,919 (12)

Dr Jurgen Thurow

University College London

Latest quaternary climate variability from annual resolution giant piston cores £50,127 (12)

Dr Manfred Buck

University of St Andrews

Self-assembled monolayers of thiols as templates using phase transitions £78,515 (24)

Dr Ian Joint

Plymouth Marine Laboratory

Cell-to-cell communication across the prokaryote/eukaryote boundary £109,749 (36)

Dr M Saiful Islam

University of Surrey

Proton conducting oxides for fuel cells: a state-of-the-art modelling study £71,243 (24)

Professor Dianne Edwards

Cardiff University

Geothermally influenced wetlands: plant ecophysiology and taphonomy £107,890 (36)

Dr P D Polly

Queen Mary, University of London

Molecular & fossil evidence for the effect of migration on bat evolution £144,404 (36)

Professor Timothy Porter

University of Wales, Bangor

Fractafolds, their geometry & topology £25,931 (10)

Dr Henry F Lamb

University of Wales, Aberystwyth

Sediment records of climate variability in the Blue Nile catchment, northern Ethiopia £69,070 (24)

Dr Steve Dewhurst

University of Lancaster

The roles of retrieval processes in the conscious experience of memory £55,944 (24)

Dr R A Clement

Institute of Child Health, University of London

Geometry of brain behaviour £14,654 (6)

Dr C M Wade

University of Nottingham

Deep evolutionary relationships in the Pulmonate Land Snails & Slugs £102,812 (36)

Professor Paul O'Higgins

University of York

The biomechanics of primate facial architecture: biology & evolution £220,144 (36)

Dr Derryck Reid

Heriot-Watt University

Adaptive optics for high-resolution femtosecond laser machining £93,198 (36)

Dr Tom Tregenza

University of Leeds

Is multiple mating a female strategy to avoid? £104,423 (36)

Dr J Bayala

Institut de l'Environnement et de Recherches Agricoles

Sustainable management of agroforestry parklands species for improved production £38,010 (36)

Dr Andrew B Horn

University of Manchester

Nucleation, growth & reactivity of sulfuric acid aerosol using IR spectroscopy £121,096 (36)

Professor M Green

Imperial College London

Electrically addressable nano-structured cells for combinatorial synthesis £134,180 (36)

Dr J Parnell

University of Aberdeen

Mineral radioactivity & organic evolution on the early Earth £76,341 (24)

Professor Kenneth J Gilhooly

University of Paisley

An empirical approach to the taxonomy of insight problems £68,408 (24)

Dr L A Knapp

Department of Biological Anthropology, University of Cambridge

Does bright colour in male mandrills advertise 'good genes' to females? £199,465 (36)

Dr D J Lurie

University of Aberdeen

Field-cycled magnetic resonance imaging £79,660 (24)

Dr Kenneth J Norris

University of Reading

Mechanisms of population regulation in the formerly endangered Mauritius kestrel £44,500 (36)

Dr Caroline Dessent

University of York

'Microscopic' ionic solvation: laser spectroscopy of electrosprayed ions £56,190 (24)

Dr David Ernest Hanke

Department of Plant Sciences, University of Cambridge

Molecular basis of increased virus-susceptibility in low-phytate plant £50,000 (36)

Professor Keith Smith

University of Wales, Swansea

Regioselective halogenation of phenols using novel polymeric sulfur-containing catalysts £84,860 (24)

Dr Julie Victoria Macpherson

University of Warwick

Properties & application of nanotube & nanowire scanned probe sensors £29,593 (12)

Dr Mark Thomas Blagrove

University of Wales, Swansea

The effects of emotional declarative learning on REM sleep & dream content £15,000 (4)

Professor Russell Edward Morris

University of St Andrews

The storage & controlled delivery of nitric oxide using zeolites £99,749 (36)

Dr P L A Popelier

University of Manchester Institute of Science and Technology

An anisotropic force field based on quantum chemical topology £63,701 (24)

Dr Jens Krause

University of Leeds

The mechanisms underlying cross species familiarity in Cyprinid fishes £59,400 (24)

Dr P A Midgley

University of Cambridge

Unconventional phase co-existence in manganite £98,593 (36)

Dr Gary W Black

University of Northumbria at Newcastle

Investigating anti B-eliminative cleavage of the glycosidic bond £55,139 (36)

Dr Carl Smith

Queen Mary, University of London

Adaptation & coevolution in an unusual spawning relationship £66,300 (24)

Dr Jamie Ward

University College London

Numeracy & left-right spatial ability in developmental synaesthesia £110,937 (36)

Dr N E Mavromatos

King's College London

Quantum bio-tubes & information transfer £54,827 (12)

Dr Klaas Wynne

University of Strathclyde

Surface-enhanced ultrafast Kerr-effect spectroscopy of dynamics in biomolecules £124,917 (36)

Dr Craig D Williams

University of Wolverhampton

Studies on natural & synthetic Clinoptilolite for nitrogen/methane separation £64,166 (36)

Economics

Dr Stephanie Barrientos

University of Sussex

Can fair trade reconcile commercial & social goals in global value chains? £28,095 (12)

Dr Hans-Theo Normann

Royal Holloway, University of London
Merger analysis in experimental markets £33,206 (24)

Dr P J M Klumpes

University of Nottingham
Disclosure effectiveness of pension fund members' summary reports £32,056 (12)

Dr Daniel Read

London School of Economics and Political Science
Now or later: studies of intertemporal choice £63,731 (24)

Professor G S Yip

London Business School
Developing a framework for global customer-supplier management £64,147 (18)

Dr Sarah Brown

University of Leicester
Wage growth, human capital & risk aversion: an international comparison £49,917 (24)

Dr S M Bartram

University of Lancaster
Currency crises & contagion in the international financial system £15,000 (12)

Fine and performing arts

Mr Stephen Hackney

Tate Gallery
Encapsulation in anoxic conditions for the display of works of art on paper £15,000 (8)

Humanities

Professor T A Brown

University of Manchester Institute of Science and Technology
DNA analysis of bones from Mycenae: genetic profiling and kinship relationships £100,513 (36)

Professor William Robert Lee

University of Liverpool
Shipping, trade and mercantile business culture in Liverpool, 1851-1901 £237,759 (36)

Professor B W Cunliffe

Institute of Archaeology, University of Oxford
Gallo-Belgic pottery in Britain: production and distribution £89,747 (36)

Dr Alice Turk

University of Edinburgh
Stages of prosodic & segmental processing in speech perception £118,159 (36)

Dr N B Rankov

Royal Holloway, University of London
Ship sheds in the ancient Mediterranean £249,920 (36)

Professor Grace Davie

University of Exeter
The religious factor in the construction of Europe: Greece, Orthodoxy & the European Union £56,770 (24)

Professor K F L Pollmann

University of St Andrews
After Augustine. A survey of his reception from 430 to 2000 £494,889 (60)

Professor William D Marslen-Wilson

MRC Cognition & Brain Sciences Unit
Aphasia in a morphologically complex language: insights from Polish £12,655 (12)

Dr Stephen R Parkinson

Faculty of Medieval & Modern Languages & Literature, University of Oxford
Collection, composition & compilation in the Cantigas de Santa Maria £63,779 (24)

Dr Simon K Naylor

University of Bristol
A historical geography of post-war Antarctic sub-glacial exploration £101,292 (36)

Dr C P Graves

University of Durham

Canon Greenwell & the development of archaeological research in north England £80,650 (36)

Professor Christopher Neil Roberts

University of Plymouth

Reconstructing the ecological 'footprint' of early agriculture in Southwest Asia £167,404 (36)

Professor Orlando Figes

Birkbeck College

Private life in Soviet Russia (1917-56): The recovery of family and personal archives £85,000 (36)

Dr Rachel M J Dwyer

School of Oriental and African Studies

Filming the gods: religion and Hindi cinema £14,436 (14)

Dr Mary Morrissey

Nottingham Trent University

Early modern women's devotional practises: a study of the manuscript evidence £91,139 (36)

Mr J Crow

University of Newcastle upon Tyne

The water supply of Constantinople £54,130 (16)

Law, politics, international relations

Professor D Marsh

University of Birmingham

The politics of food & farming in the UK £32,534 (12)

Dr B S Godfrey

University of Keele

The impact of dramatic growth in employment on crime over 70 years/5 generations £113,661 (18)

Medicine, health

Professor Robert D Rafal

University of Wales, Bangor

fMRI guided 1Hz transcranial magnetic stimulation of human oculomotor cortex £28,989 (12)

Dr Felicia A Huppert

Department of Psychiatry, University of Cambridge

Development of a high quality measure of midlife positive well-being for the 1946 birth cohort £37,475 (12)

Regional studies

Dr Kevin MacDonald

Institute of Archaeology, University of London

Patterns of African Statehood: analysing the maintenance of sub-Saharan politics £144,773 (36)

Social studies (incl. anthropology, geography, social psychology)

Dr Stuart G White

Jesus College

The new politics of ownership: policy options & public opinion £35,954 (10)

Dr Sarah Neal

Open University

Ethnicity, identity and social organisations in contemporary rural England £33,846 (12)

Dr Sean O'Connell

University of Ulster

The changing social dynamics of 'joyriding': Belfast 1930-1990 £47,764 (24)

Professor Amina Memon

University of Aberdeen

Memory conformity: disentangling the steps towards influence during a discussion £55,358 (24)

Dr Stephen Farrall

University of Keele

Tracking progress after probation: the long-term impact of probation supervision £51,878 (15)

Dr B Fowler

University of Glasgow

Research Programmes

Professor Mary S Morgan

London School of Economics and Political Science

The nature of evidence: How well do "Facts" travel? £781,150 (48)

Professor A Philip Dawid

University College London

Evidence, inference and enquiry: Towards an integrates science of evidence £969,570 (48)

Professor Hew Strachan

Faculty of Modern History, University of Oxford

War, norms and the State £1,109,666 (60)

Major Research Fellowships

Professor Clive L N Ruggles

University of Leicester

A critical synthesis of European archaeoastronomy £69,222 (24)

Professor Kevin Michael Sharpe

University of Warwick

Representations of rule: images of power and the culture of authority in England, 1500-1700. £106,498 (36)

Professor John Charles Belchem

University of Liverpool

Liverpool, character, culture & history £104,220 (36)

Professor Peter J Vergo

University of Essex

Music & the visual arts £99,880 (36)

Professor Anne Booth

School of Oriental and African Studies

Globalisation, regional integration & inequality in Southeast Asia since 1800 £73,531(24)

Dr Harriet Guest

University of York

Women, writing, politics in Britain in the 1790s £105,886 (36)

Exeter College

Human rights transformed: positive duties & positive rights £108,780 (36)

Professor Chantal Stebbings

University of Exeter

The legal protection of taxpayers' rights, 1780-1914 £108,084 (36)

Social studies

Dr Andrew J Webber

Faculty of Modern and Medieval Languages, University of Cambridge

Capital of the twentieth century: a cultural topography of Berlin £104,280 (36)

Visiting Professorships

Applied sciences

Dr Hassan Nouri

University of the West of England

Dr Rade M Ciric £31,100 (10)

Professor R H J Grimshaw

Loughborough University

Professor Georgi G Sutyurin £35,000 (8)

Professor Sarben Sarkar

King's College London

Professor Gerald A Goldin £19,000 (10)

Professor Frank P Kelly

Department of Pure Mathematics and Mathematical Statistics, University of Cambridge

Professor Alexander Rybko £53,000 (10)

Dr Ritu Katakya

University of Durham

Professor Michael Thompson £25,100 (8)

Professor Walter Gear

Cardiff University

Professor Andrew Lange £7,180(3)

Basic sciences

Dr Andrew S Weller

University of Bath

Professor Thomas P Fehlner £11,300 (4)

Economics

Professor Anthony J Venables

London School of Economics and Political Science

Professor J Vernon Henderson £19,800 (6)

Professor John W Mullins

London Business School

Professor Nancy M Carter £14,894 (4)

Fine and performing arts

Professor David A Forgacs

University College London

Professor Yosefa Losnitzky £57,836 (10)

Humanities

Professor Brian James Graham

University of Ulster

Professor John Wilson Foster £49,042 (10)

Professor Anthony F Harding

University of Durham

Professor Ludmila N Koryakova £18,640 (9)

Professor Jeffrey Hill

De Montfort University

Professor Charles P Korr £12,950 (5)

Professor Duska Rosenberg

Royal Holloway, University of London

Professor Stanley Peters £42,000 (7)

Professor Kimberley Reynolds

University of Surrey Roehampton

Professor John Stephens £6,940 (3)

Law, politics, international relations

Professor Irit Rogoff

Goldsmiths' College, University of London

Dr Cornelia Vismann £16,526 (3)

Dr Jane Freedman

University of Southampton

Professor Alan Whiteside £25,833 (6)

Social studies

Professor Robert P Haining

Department of Geography, University of Cambridge

Dr Daniel Alva Griffith £22,298 (5)

Professor Brian Bocking

School of Oriental and African Studies

Professor Geoffrey Samuel £52,815 (10)

Professor J V Oakhill

University of Sussex

Professor Charles A Perfetti £42,900 (6)

Professor Felix C Brodbeck

Aston University

Dr Charlan Jeanne Nemeth £22,200 (3)

Research networks

Basic sciences

Dr Julie A Hawkins

University of Reading

Speciation in biodiversity hotspots: the South African flora as a case study £107,020 (36)

Professor Alexei Kornyshev

Imperial College London

Theory of electrified liquid interfaces: structure, dynamics, functionality £129,907 (36)

Professor Richard J Aldridge

University of Leicester

The interplay between phytoplankton and climate: the Palaeozoic record £124,682 (36)

Professor Cameron Jones

Cardiff University

The stabilisation & application of novel group 13 carbene analogues £72,371 (24)

Professor Steffen Koenig

University of Leicester

Algebras, representations & applications: a Chinese-European network £99,400 (36)

Humanities

Professor Crispin J G Wright

University of St Andrews

The metaphysics & epistemology of modality/vagueness: its nature & logic £69,020 (36)

Professor Patrick K O'Brien

London School of Economics and Political Science

A Millennium of material progress from the Sung Dynasty to the 21st Century £389,738 (36)

Dr Richard Alston

Royal Holloway, University of London

The Greek city after the Classical age £12,771 (36)

Fine & performing arts education

Professor John Wallace

Royal Scottish Academy of Music and Drama

Bursaries to enable disadvantaged children to participate in music training £42,000 (36)

Mr David Littler

London Printworks Trust Ltd

Surface - an application for funding under training & development £ 5,000 (6)

Professor B Neiland

Royal Academy of Arts

Postgraduate diploma in fine art £ 120,000 (36)

Professor John Wallace

Royal Scottish Academy of Music and Drama

Scholarships for Postgraduate Students at the RSAMD £120,000 (36)

Ms Patricia Castanha

English National Ballet School

Bursaries for two-year professional training course in classical ballet £63,000 (24)

Dr Diana Devlin

Guildhall School of Music and Drama

Drama Bursaries £75,000 (36)

Mr Damian Cranmer

Guildhall School of Music and Drama

Chamber Music Fellowship Programme £54,000 (36)

Mr Russell Trigg

Northern School of Contemporary Dance

Graduate Diploma in Professional Contemporary Dance Performance £129,600 (36)

Mr Alan Selby

Royal College of Art

Leverhulme bursaries at the Royal College of Art £59,997 (36)

Mrs T Gaisman

International Musicians Seminar

Masterclasses £20,000 (36)

Mr Peter Hewitt

Royal College of Music

Bursaries for the Junior Department £40,800 (36)

Mr J Freeman-Attwood

Royal Academy of Music

Postgraduate Studentships £130,000 (36)

Ms Nina Camilleri

National Youth Orchestra of Great Britain

NYO distinctive teaching - the implementation of an Annual NYO Masterclass Day £40,515 (36)

Mr Tim Roberts

The Circus Space

Hardship & professional development bursaries for circus degree students £40,500 (36)

Mr John Tolputt

The Purcell School

Bursaries at the Purcell School £135,000 (60)

Professor Teodor Shanin

Moscow School of Social and Economic

Sciences, Staff Training £50,280 (36)

Mr Andrew Comben

Aldeburgh Productions

Contemporary Performance & Composition Course £50,000 (36)

Artists in Residence

Ms Abigail Reynolds

Oxford University Press

Visual art and digital media £10,000 (10)

Ms Leah Thorn

The Jewish Museum

Poetry £10,000 (10)

Ms Jane Duncan

University College London

Painting and 3D art £10,000 (10)

Ms Edina Husanovic

Hackney Community College

Visual Art £10,000 (10)

Miss Beverley Hood

University of Edinburgh

Interactive Media £10,000 (10)

Mr Alan Parker

University of Warwick

Portrait artist £10,00 (10)

Ms Julie Brixey-Williams

Association of Anaesthetists of Great Britain and Ireland

Photography, video performance and instalation £10,000 (10)

Philip Leverhulme Prizes

The Philip Leverhulme Prizes were set up for outstanding young Scholars of substantial distinction and promise. In 2003, the Trustees were please to announce the following winners:

Astronomy and Astrophysics

Dr Matthew Russell Bate

University of Exeter
Star formation £50,000 (24)

Dr Greg L Bryan

Department of Astrophysics, University of Oxford
Cosmology £50,000 (24)

Dr Willem J G de Blok

Cardiff University
Galaxy evolution £50,000 (24)

Dr L K Harra

University College London
Solar physics £50,000 (24)

Dr Gordon Ian Ogilvie

Institute of Astronomy, University of Cambridge
Astrophysical Fluid Dynamics £50,000 (24)

Classics

Dr Rebecca Flemming

King's College London
Roman history £50,000 (24)

Dr Thomas Harrison

University of St Andrews
Greek cultural history £50,000 (24)

Dr John T Ma

Corpus Christi College
Ancient Greek History £50,000 (24)

Dr Llewelyn W G Morgan

Brasenose College
Classical Latin Literature £50,000 (24)

Dr Andrew I Wilson

Institute of Archaeology, University of Oxford
Roman Archaeology £50,000 (24)

Engineering

Dr Alessandro Astolfi

Imperial College London
Control Engineering £50,000 (24)

Dr Vikram S Deshpande

Department of Engineering, University of Cambridge
Micromechanics of materials £50,000 (24)

Professor Jason M Reese

University of Strathclyde
Mechanical Engineering £50,000 (24)

Dr Florin Udrea

Department of Engineering, University of Cambridge
Smart silicon sensors £50,000 (24)

Dr Amy B Zavatsky

Department of Engineering Science, University of Oxford
Biomechanics £50,000 (24)

Geography

Dr Andrew Baker

University of Birmingham
Physical geography £50,000 (24)

Dr Alison Blunt

Queen Mary, University of London
Cultural geography £50,000 (24)

Professor Daniel F Dorling

University of Sheffield
Human Geography £50,000 (24)

Dr Andrew Jordan

University of East Anglia
Environmental policy in Britain and the European Union £50,000 (24)

Dr Eric Neumayer

London School of Economics and Political Science
Environment and Development £50,000 (24)

Philosophy and Ethics

Dr Peter S Adamson

King's College London
Greek and Arabic/Islamic philosophy £50,000 (24)

Dr Katherine Hawley

University of St Andrews
Metaphysics and Epistemology £50,00 (24)

Dr Samir Okasha

University of Bristol
Philosophy of Science/Philosophy of Biology £50,000 (24)

Dr Michael Ridge

University of Edinburgh
Metaethics and moral philosophy £50,000 (24)

Dr Jennifer M Saul

University of Sheffield
Philosophy of language £50,000 (24)

AWARDS TO INDIVIDUALS 2003

The Trustees have approved the following awards to individuals under schemes administered by their Research Awards Advisory Committee: -

RESEARCH FELLOWSHIPS

Pertti Ahonen PhD Lecturer in Modern History University of Sheffield	Victims of the Berlin Wall
Peter Allsop DPhil ABSM Reader in Musicology University of Exeter	Music and the Chinese mission: Teodorico Pedrini
Peter Ashwin PhD Reader in Applied Mathematics University of Exeter	Nonlinear dynamics, discontinuity and intermittency
Mukulika Banerjee DPhil Lecturer, Department of Anthropology University College London	Democracy: an ethnographic approach
William Barford PhD Senior Lecturer, Department of Physics and Astronomy University of Sheffield	Electronic properties of macromolecular systems
Ian Bellany DPhil Professor of Politics University of Lancaster	Curbing the spread of nuclear weapons
Stephen Bending PhD Lecturer, Department of English University of Southampton	Women, gardens and retirement
Kate Bennett PhD Lecturer, Department of Psychology University of Liverpool	Marital status and gender as predictors of health and psychological wellbeing in later life
James Best PhD Professor of Process Sedimentology University of Leeds	Fluid and sediment dynamics of bedform transitions
Roger Brownsword LLB Professor of Law King's College London	Rights, regulation and the technological revolution
Ardis Butterfield PhD Lecturer in English University College London	Chaucer and nation
Richard Caplan PhD	International administration of war-torn

University Lecturer in International Relations University of Oxford	territories
Mark Carrington PhD Senior Lecturer, Biochemistry Department University of Cambridge	The oligomerization of the VSG C-terminal domain
Stuart Carroll PhD Lecturer in History University of York	The noble feud in early modern France: violence and the rise of civility, 1450-1700
Anthony Claydon PhD Senior Lecturer in History University of Wales Bangor	The European identity of England, 1660-1760
